Rate your family's activity level on a scale of 1-10, where 1 is a stay-at-home couch potato and 10 is a tri-athlete. Explain. (E.g., do you jog daily, climb mountains on weekends? Do you play soccer or just watch a game once a week? Do you have a swimming pool? Do you go to the lake or ocean all summer? Do you hunt? Bicycle? Cross-country ski?) Please answer with consideration. From your answers I will learn at least two things: how your dog will get exercise and what activity level may be appropriate for your family.

Where will your puppy sleep at night? _____ During the day? _____

Where will you puppy spend most of its time? _____

Are you prepared for constant shedding? _____ Tracking in mud? _____ Digging? _____
